

LETTER OF RECOMMENDATION FOR STEVE MARASIGAN

Aug 10, 2014

To Whom It May Concern:

I am writing this letter to fully recommend that you hire Steve Marasigan.

Steve and I worked together full-time from Aug 2013 – Aug 2014 on a wide variety of projects, including website design & development, graphic design for sales materials, logo/brand identity initiatives, infographics, and e-commerce. Steve excels in each of these areas; the only reason that we are no longer working together is that my business took a significant downturn after Q1 2014. I would hire him again immediately if I could.

Not only is Steve a creative, capable, top-notch design and web expert, he is also 100% trustworthy and a pleasure to work with. He throws himself into a project, overcomes obstacles, and works independently as needed. He is a true business partner.

Steve has my highest recommendation. If you have the opportunity to hire him, you should do so. You will never regret that decision.

If you have any questions, I'd be more than happy to answer them in detail. I can be reached here in the US at 678.977.3592 and by email at marie.elwood@gmail.com.

Sincerely,

Marie Elwood
